This Colombian joint turns out Latin American–style hot dogs (with outré toppings like diced pineapple). Our favorite is the zesty Mexican, loaded with salsa verde, melted cheese, crushed potato chips, and squiggles of ketchup and spicy mayo. Without fanfare, this is a bar that welcomes the entire LGBTQ+ family in the heart of the Raval, the historic center of Barcelona. Its friendly and fun atmosphere has led them to celebrate their tenth anniversary in 2021. They offer good food, well-drawn beer, a pleasant terrace and, more than anything else, very good vibes for the entire community. (Pro tip: You can order anything you want of the superb Las Fernández menu and eat it on the La Casa de la Pradera terrace. They're good neighbors!) © DRFounded in 1253, the University of the Sorbonne was at the centre of the Latin Quarter's intellectual activity from the Middle Ages until 1968, when it was occupied by students and stormed by the riot police. The authorities then split the University of Paris into safer outposts, but the Sorbonne still houses the Faculté des Lettres. Rebuilt by Richelieu and reorganised by Napoleon, the present buildings date from the late 1800s, and have a labyrinth of classrooms and lecture theatres, as well as an observatory tower. The elegant dome of the 17th-century chapel dominates place de la Sorbonne; Cardinal Richelieu is buried inside. It's only open to the public for exhibitions or concerts.By entering your email address you agree to our Terms of Use and Privacy Policy and consent to receive emails from Time Out about news, events, offers and partner promotions.
